Good morning,

Please find attached to this e-mail a request for records under the California Public Record Act (Gov't. Code Sec. 6250 *et seq.*).

To avoid a broad interpretation of the request, please note that our intent in seeking "records of communication" is limited to records that could be reasonably interpreted as conversational communications as described in the request. We are not seeking records of the following at this time:

- Telephone call logs

If such records exist, they may be excluded from this request, though we reserve the right under 6250 to seek them at a later time should we choose to do so.

Please feel free to reach out if you have any questions.

Best,
Matthew Keys
